DNS.PT and the REGISTRARS
a partnership of
mutual trust

What are you waiting for?
Join us in this successful partnership

**Over 60% of registrations under
Are made by Registrars**

***dns.pt
and the
registrars***

***becoming a .pt
registrar***

.pt is the Portuguese ccTLD.

Between DNS.PT and their registrars there is a relationship of mutual trust and cooperation.

***What do you get
for being a .pt
registrar***

- a privileged relationship with DNS.PT technical and administrative services;
- an effective communication channel;
- an opportunity for networking;
- Access to marketing and external communication joint initiatives

**JUST FOLLOW
THESE 3 STEPS:**

- 1** Be a registered company managing at least 500 **.pt** active domain names or 100 **.pt** active domain names if you use the EPP Protocol;
- 2** Send us your application;
and if everything is in order...
- 3** Sign the Registry / Registrar Protocol
